Dear [REDACTED],

Thank you for your Freedom of Information (FOI) request, received on 16 April 2026. Please accept our apologies for the delayed response.

Your request was:

“Under the Freedom of Information Act 2000, I request the following information:

NHS England publishes aggregate Key Performance Indicator statistics for each Federated Data Platform product.

I request the disaggregated, trust – level data underlying those aggregates, specifically:

Inpatient CCS:

- Number of additional patients undergoing theatre procedures, per trust
- Number of patients requested for removal from the inpatient waitlist, per trust

Outpatient CCS:

- Number of patients requested for removal from the outpatient waitlist, per trust

RTT Validation:

- Number of records reviewed, per trust
- Number of patients removed from the waiting list, per trust

OPTICA:

- Percentage decrease in average delay days (7 – day, 14 – day, and 21 – day cohorts), per trust
- Total patients discharged with OPTICA support, per trust

Cancer 360:

- Performance against 28 – day Faster Diagnosis Standard (before/after), per trust
- Performance against 31 – day Decision to Treat target (before/after), per trust

- Performance against 62 – day Referral to Treatment start target (before/after), per trust

For each metric, I request the comparison period (12 months before vs. after go – live) that underpins NHS England’s published aggregate figures, as described in the published methodology.”
